

The Florida Arts License Plate Program was created by the Legislature in 1994. **Funds collected through the sale of these specialty plates are distributed to the counties where the plates are sold and are used to support arts organizations, programs, and activities within that county.**

Revenue from the statewide sale of Arts License Plates is collected by the Florida Department of Highway Safety and Motor Vehicles and is transferred to the Division of Cultural Affairs for distribution to the counties. Each county must designate a recipient organization to administer funds that support arts activities within that county. **In Seminole County, the recipient is the**
